

Region 12
MEA-R Annual Meeting
April 6, 2021

This has been a challenging year for everyone and Region 12 is no exception. We have had to modify what we usually do as a MEA-R unit to stay safe and healthy. We did carry on and we remain positive.

I took over the Board of Directors position for Region 12 in September 2020. I am replacing Tim McMann, who served for 20 years on the Board of Directors for the MEA-R. Tim also served as a MEA and MEA-R delegate to the Annual meetings.

Our local, East Mid-Michigan MEA-R Region 12B, honored Tim at our outdoor picnic meeting in October. The guest speaker was MEA-R President Kay Walker-Telma. Also present was MEA-R Vice President Judy Daley. Tim was presented a plaque for his service and outstanding commitment to MEA-R.

The local did host a Zoom meeting with three candidates running for office in November. The Q/A session was very informative.

On May 20, 2020, our local community was devastated by the two dam failures. Many MEA and MEA-R members were affected by this event. Local MEA and MEA-R members came together and gave help and support throughout this catastrophe.
