

Oppose Weakening of Teacher Certification

Push back against efforts to de-professionalize teaching by opposing a bill to create an alternative path to teacher certification in Career and Technical Education (CTE). [Click here to share your story with lawmakers about what's needed to reach and teach students and the professional preparation you went through in order to be a successful educator.](#)

[HB 5141](#) would allow anyone to teach CTE courses if they have a high school diploma or equivalent and a professional license in a subject matter or field, such as plumbing or electrical.
